² The top row gives all possible encodings for each element; those followed by an asterisk are not currently included in the RDA to MARC mappings in the Toolkit. The specifications given after “Encoding:” in the rows for each specific carrier are the MLA-recommended encodings. Elements that are not applicable to a carrier are not assigned a value in the table, even though they may be coded as “not applicable” in MARC cataloging. The examples that follow the table show such codes where appropriate.

Supplement 2. Recording Parallel Data Using ISBD in MARC

The following representative examples are intended to offer guidance for inputting parallel elements using ISBD⁴ in MARC. As these examples are not exhaustive, a brief discussion section follows most examples, in order that the reader may apply the underlying concepts to each unique situation.

I. Parallel other title information

Preferred Source

RICHARD STRAUSS

DON QUIXOTE

Symphonic Poem
Sinfonische Dichtung
Op. 35

RDA Elements

Title Proper (2.3.2): Don Quixote

Other Title Information (2.3.4): symphonic poem

Other Title Information (2.3.4): op. 35

Parallel Other Title Information (2.3.5): sinfonische Dichtung

Statement of Responsibility Relating to Title Proper (2.4.2): Richard Strauss

ISBD in MARC

```
245 10 Don Quixote : $b symphonic poem = sinfonische Dichtung :  
op. 35 / $c Richard Strauss.
```

⁴ http://www.ifla.org/files/assets/cataloguing/isbd/isbd-cons_20110321.pdf

- II. Some but not all of the medium of performance etc. is in another language and the medium of performance etc. is part of the title proper

Preferred Source

FELIX MENDELSSOHN BARTHOLDY

OCTET

For 4 Violins, 2 Violas and 2 Violoncellos

E ♭ major/Es-Dur/Mi ♭ majeur

Op. 20

RDA Elements

Title Proper (2.3.2): Octet for 4 violins, 2 violas and 2 violoncellos E ♭ major op. 20

Parallel Title Proper (2.3.3): Es-Dur

Parallel Title Proper (2.3.3): mi ♭ majeur

Statement of Responsibility Relating to Title Proper (2.4.2): Felix Mendelssohn Bartholdy

ISBD in MARC

```
245 10 Octet for 4 violins, 2 violas and 2 violoncellos E ♭
major op. 20 = $b Es-Dur = mi ♭ majeur / $c Felix Mendelssohn
Bartholdy.
```

Discussion

The medium of performance, key, and number are considered to be part of the title proper because the title is a type of composition (see RDA 2.3.2.8.1). Since “Op. 20” is linguistically neutral, it has been included as part of the title proper. For the parallel title proper, RDA 2.3.3.4 applies since a statement of medium of performance, key, date of composition, and/or number is being treated as part of the title proper and the statement is in more than one language. Even though just the key is in multiple languages, it can be considered as a parallel title proper.

- III. Some but not all of the medium of performance, etc. is in another language and the medium of performance etc. is part of the title proper

Preferred Source

SERGE PROKOFIEFF
PIANO CONCERTO No. 3

C MAJOR * DO MAYOR

OP. 26

RDA Elements

Title Proper (2.3.2): Piano concerto no. 3 C major op. 26

Parallel Title Proper (2.3.3): do mayor

Statement of Responsibility Relating to Title Proper (2.4.2): Serge Prokofieff

ISBD in MARC

```
245 10 Piano concerto no. 3 C major op. 26 = $b do mayor / $c  
Serge Prokofieff.
```

Discussion

The medium of performance, key, and number are considered to be part of the title proper because the title is a type of composition (see RDA 2.3.2.8.1). Since “Op. 26” is linguistically neutral, it has been included as part of the title proper. For the parallel title proper, RDA 2.3.3.4 applies since a statement of medium of performance, key, date of composition, and/or number is being treated as part of the title proper and the statement is in more than one language. Even though just the key is in multiple languages, it can be considered as a parallel title proper.

- IV. Some but not all of the medium of performance, etc. is in another language and the medium of performance etc. is part of the title proper

Discussion

The medium of performance, key, and number are considered to be part of the title proper because the title is a type of composition (see RDA 2.3.2.8.1). Since “K 427” is linguistically neutral, it has been included as part of the title proper. For the two parallel titles proper, RDA 2.3.3.4 applies since a statement of medium of performance, key, date of composition, and/or number is being treated as part of the title proper and the statement is in more than one language.

For the transcription of the parallel statement of responsibility naming H.C. Robbins Landon, the name has been repeated because it is intended to be read twice (see RDA 1.7.7).

Discussion

In ISBD presentation, when more than one element within a single area is recorded in two or more languages, the elements in the same language are given together using appropriate preceding punctuation for each element within that language. The subsequent language groups are preceded by space = space (see ISBD Consolidated A.3.2.9). The statement of responsibility is recorded after all the parallel data because it has no other language forms (see ISBD Consolidated 1.4.5.10.3). For the parallel title proper of series, “Philharmonia” is repeated because it is intended to be read more than once (see RDA 1.7.7).

Discussion

The medium of performance, key, and number are considered to be part of the title proper because the title is a type of composition (see RDA 2.3.2.8.1). Since “op. 56” is linguistically neutral, it has been included as part of the title proper.

In ISBD presentation, when more than one element within a single area is recorded in two or more languages, the elements in the same language are given together using appropriate preceding punctuation for each element within that language. The subsequent language groups are preceded by space = space (see ISBD Consolidated A.3.2.9). This justifies the presentation of the all the German titles together, followed by the English titles. The statements of responsibility follow all the parallel titles since it is not possible or would be difficult to put the statements of responsibility with each corresponding title grouping (see ISBD Consolidated 1.4.5.10.2)

For the transcription of the parallel statement of responsibility naming Bernard van der Linde, the name has been repeated because it is intended to be read twice (see RDA 1.7.7). The same is also true of the transcription of the parallel title proper of series.

Discussion

In general, ISBD favors that languages are grouped together when there is parallel data across elements within the same area (see ISBD Consolidated A.3.2.9). It appears that one could group the German language elements of the title proper and other title information together, followed by the English titles.

However the presence of “BWV 128” presents a problem since it has no parallel form. Should it follow after all the parallel title statements, but before the statement of responsibility or should it be given after the parallel title proper, but before the other title information in German, which would then be followed by the other title information in English? Unfortunately ISBD is silent on this specific situation. However, RDA 2.3.4.3 does say that “if more than one element of other title information is recorded, it should be recorded in the order indicated by the sequence, layout, or typography of the elements on the source of information.” This provides enough justification to place “Kantate zum Fest Christi Himmelfahrt für Soli (ATB), Chor (SATB), 2 Oboen, Oboe d'amore, Oboe da caccia, Trompete, 2 Hörner, 2 Violinen, Viola und Basso continuo” directly after “BWV 128,” thus separating the presentation of the title proper and parallel title proper from the other title and other parallel title information.

Introduction

The following representative examples are intended to demonstrate the application of these best practices guidelines in the creation of full bibliographic records. They are illustrative, not prescriptive; that is, unless the guidelines associated with a particular RDA instruction state otherwise, the absence of a particular element, field or subfield in the following examples does not imply an MLA recommendation *against* recording that element, field or subfield, nor does the presence of a particular element, field or subfield imply a recommendation to record that element whenever applicable.

 505 0_ Introduction / Jill Furman -- Original Broadway cast and credits -- Characters and setting -- Musical numbers -- Act 1 -- Act 2 -- About the authors.
 520 "In the Heights is an exciting musical about life in Washington Heights, a tight-knit community where the coffee from the corner bodega is light and sweet, the windows are always open, and the breeze carries the rhythm of three generations of music. During its acclaimed Off-Broadway and Broadway runs, In the Heights became an audience phenomenon and a critical success. It's easy to see why: with an amazing cast, a gripping story, and incredible dancing, In the Heights is an authentic and exhilarating journey into one of Manhattan's most vibrant communities. And with its universal themes of family, community, and self-discovery, In the Heights can be enjoyed by people of all ages and backgrounds. Among the musical's many accolades are two Drama Desk Awards, a Grammy Award for Best Musical Show Album, and a nomination for the 2009 Pulitzer Prize for Drama."--Publisher's description.
